**HIGHER COOLING EFFICIENCY, WITH LOWER
ENERGY CONSUMPTION.**

**NEW GENERATION INTELLIGENT CHILLER BOOSTER,
ADIABATIC PRE-COOLING SYSTEM "SMART COOLING™"**

FACTS ABOUT US

What is «Smart Cooling™»

The «Smart Cooling™» is a new generation engineering product - new generation intelligent adiabatic pre-cooling system «Smart Cooling™». The product reduces energy consumption, increases cooling capacity, increases cooling equipment efficiency, protects chiller condensers and prolongs service life of compressors.

- The beginning of the product development: Year 2010
- The company «SWISS INTEGRATED ENERGY TECHNOLOGIES AG»
- Industry (field of work): engineering science - HVAC adiabatic pre-cooling
- Assembling factory based in Northern Europe: Country Latvia

Operational markets:

Europe, Italy, India, Greece, Germany, Russia, Hungary, UAE, USA, Spain, Australia, Africa, Kazakhstan, Ukraine.

SMART COOLING

COOPERATION

What is «Smart Cooling™»

The product has been developed mainly to find a solution to the following problem:
Taking into account the rapid price increase of the energy resources and lack of energy all over the world, the question No.1 is how to reduce the energy consumption.

COOPERATION

Quality & Responsibility

Compliance with quality standards is essential:

«SWISS INTEGRATED ENERGY TECHNOLOGIES AG» implements and works in accordance with ISO 9001 quality management system.

«Smart Cooling™» products are marked with CE Marking, which confirms product safety.

COOPERATION

What is the new generation intelligent adiabatic evaporative pre-cooling system «Smart Cooling™»

Our innovative technology significantly reduces energy consumption, increases air conditioning and cooling equipment efficiency and capacity. By installing «Smart Cooling™» on air conditioning and cooling equipment, companies will achieve energy consumption reduction for cooling and conditioning equipment.

COOPERATION PARTNERS

Johnson
Controls

«Smart Cooling™» intelligent adiabatic system is used by leading refrigerating chiller manufacturers OMI and industry professionals: Johnson control, Daikin, Trane, Carrier, GEA, Clint, Stulz.

«Smart Cooling™» equipment is used by leading global companies such as Schneider Electric, Mars, Renault, GSK, Phillip Morris, Bosch, Wilkinson, Sheraton, Radisson BLU, Vodafone, IKEA, Blygold.

TECHNICAL SUPPORT

The «Smart Cooling™» technical support center provides 100% technical support, its presence in each project. «Smart Cooling™» supervisors are highly qualified engineers who will provide advice and best solutions for each customer in any situation.

TRAINING

«Smart Cooling™» provides training programs for customer technical and sales staff, helping our partners always be one step ahead of the industry technologies.

PARTNERS & CUSTOMERS

ENERGY SAVING 31%
ROI 8 MONTH

Schneider Electric 170 factories, represented in 240 countries. Producer, one of the leading companies of the industry in the world.

PARTNERS & CUSTOMERS

ENERGY SAVING 24%
ROI 12 MONTH

IKEA S.A - leading international Home Depot company, with products sold in more than 45 countries.

PARTNERS & CUSTOMERS

PHILIP MORRIS INTERNATIONAL

ENERGY SAVING 36%
ROI 4 MONTH

PHILIP MORRIS INTERNATIONAL - leading international tobacco company, with products sold in more than 180 countries.

PARTNERS & CUSTOMERS

RENAULT

ENERGY SAVING 21%
ROI 11 MONTH

GRUPE RENAULT is concentrating on three innovation priorities to develop the future of mobility. These key strategic areas for transforming the industry are: electric vehicles, connected vehicles and autonomous vehicles.

PARTNERS & CUSTOMERS

MARS

ENERGY SAVING 13%
ROI 14 MONTH

MARS Petcare is a growing segment of approximately 50 brands, made up of about 75,000 associates in more than 55 countries who serve the nutrition and health needs of dogs, cats, horses, fish and birds every day.

PARTNERS & CUSTOMERS

ENERGY SAVING 23%
ROI 12 MONTH

GLAXOSMITHKLINE - one of the world's leading research-based pharmaceutical and healthcare companies - committed to improving the quality of human life by enabling people to do more, feel better and live longer.
